Details	Duration	W
<p>5.15 pm and 8.15 pm outside his house</p> <p>After a welcome period of clean air in the village, there is a strong odour this morning emanating from TTN at Newington.</p> <p>I first detected it around 6.45am this morning and would rate it as 7 or 8 out of 10 for odour strength and nuisance.</p> <p>Horrendous odour permeating house from tunnel tech. 7/5. Thursday 14th April 2022 . First detected 7.30 am Is there a breakdown or is it merely change of wind direction? Bad smell wafting over Manor close this morning as I took the dog out at 7.30am There is a really strong odour all around the front and back of our property this morning.</p> <p>We were going to sit outside with our morning coffee around 7.45am, but we were only out there 30 seconds before being driven back inside! Awful putrid smell.</p> <p>Thursday 14 April - vile TT stink around this morning in the village, and especially when trying to work outdoors on village community projects and having to breathe in foul TT fumes.</p> <p>I wish to raise a complaint about strong odour being emitted from Tunnel Tech North today. The strong aroma has been present from mid afternoon and is still extremely strong this evening. The smell is very strong in Misson and is clearly coming from TT</p> <p>Saturday 16 April - TT stink outside site boundary 11.20am on Misson road driving into village.</p> <p>13.29. Sunday 17th April 2022. Very strong odour on road outside tunnel tech. 5/5. As this is a public highway it is beyond the company boundary , therefore a breach of permit.</p>
