

Recycling

IN BASSETLAW

The UK will be required to recycle **50%** of its waste by **2020**

Bassetlaw District Council currently recycles **19%** of its waste

Nottinghamshire currently recycles **43%** of its waste

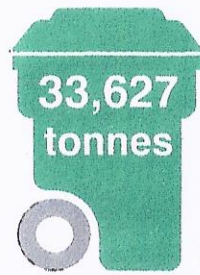

In **2015** we collected...

8,017 tonnes

Recycled Waste

33,627 tonnes

General Household Waste

If we were in **Wales** we could have been fined around **£2m**

Have Your Say

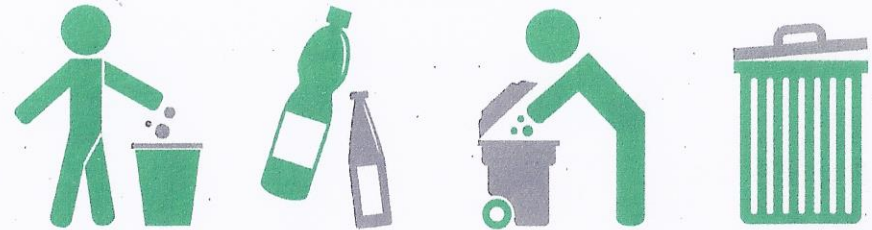

ON RECYCLING IN BASSETLAW

www.bassetlaw.gov.uk/recycling

Bassetlaw District Council needs to increase its recycling rates. We are currently amongst the bottom five local authority areas in England for recycling. We could potentially be fined up to £2m a year for poor recycling rates.*

We Need You - Be Part of the Solution

The Council is consulting on a number of different options to help increase our recycling rates. It is important to have your say.

To view the proposals and to have your say visit:

www.bassetlaw.gov.uk/recycling

Alternatively pick up a leaflet from one of our One Stop Shops in Worksop or Retford or speak to your local Councillor.
